

**MINUTES FROM PALS MEETING
JANUARY 20, 2010**

Dr. Tara Gallien and Carmel Bourg with the organization "Fresh Campus" discussed Act 815 and the new 25' non smoking rule implemented at NSU. Their goal is to prevent our children from being subjected to second hand smoke by making NSU a smoke free environment. You can go to myfreshcampus.com for more information or contact Dr. Gallien at tarag@nsula.edu.

We have extra car decals and magnets for sale in the office. The decals are \$8 and the magnets are \$10.

PALS sold 851 Christmas candy grams. We made about a profit of around \$700.00. We want to especially thank those parents who sent in extra money to ensure that each child received a candy gram.

Our teachers are in need of any TVs that you are no longer using. They do not need to be flat screen or any special screen size; we just ask that they work properly.

Our last fundraiser will be "World's Finest Chocolate" beginning Feb. 5th. All items will be \$5. Examples of some of the items we will be selling include jordan almonds, chocolate covered almonds and chocolate bunnies.

Mrs. Wiggins needs test monitors for the week of April 12-16. Please let her know if you can help.

Our next PALS meeting will be Feb. 17.
